Agatha Webb

A universally beloved woman has been murdered. But who would have the heart to kill Agatha Webb? Would her husband do it for money matters? Or would it be the cook, who died at about the same time? Or would it be the rich and well-connected Mr. Fredrick, who ran away into the woods?

This work is also for feminist fiction lovers. As the story starts right after the murder, we see how miss Page, a servant at a rich house who is the sweetheart of the same Mr. Fredrick, wants to join the investigation and is constantly prevented from doing so by conservative men.
